Universal English College (UEC) was established in 1988, making it the longest established private ELICOS college in Australia! That's nearly 35 years of helping students from around the globe achieve their English, study, travel, and career dreams.

Every year, students from more than 50 countries choose to study at UEC. They choose UEC because of the exceptional courses, the amazing opportunities they

open up, and the happy, welcoming, can-do customer service approach. They also choose UEC because they get direct entry to more than 30 Australian universities and colleges and because of the further study success UEC graduates achieve.

UEC students tell us that, as well as the great teaching and courses, what they love most about UEC the sense of community. A community of learners striving to achieve their goals.
